**Description:**

The ST-1009AVAIR is a high quality, extreme armor dome camera using the latest HQ1 technology from Sony's 520 line. This camera features a 1/3" color CCD sensor with auto switching Day / Night vision using 21 Infrared LED's with a range of up to 65ft. The IP66 Vandal proof outdoor housing is designed for extreme conditions. A flexible 3 axis design allows for easy camera angle adjustment of the built-in 4-9mm vari-focal auto iris lens for different viewing angles.
